

9th Integral Workshop

- Organisation Status
- Scientific Program
- Funding

LOC Activities (01/2012)

- LOC operational (APC, SAp/AIM, IRAP, CNES)
- Venue: Large Amphithéâtre of the BNF
- Venue for parallel session: Small amphitheatre
 1.5 day booked
- Web Page available
- 1st Circular published
- Place for the Celebration dinner not yet defined (several possibilities under study)
- 2nd Circular in preparation

FIRST CIRCULAR AND NOTIFICATION OF IMPORTANT DEADLINES

"An INTEGRAL view of the high-energy sky (the first 10 years)"

9th INTEGRAL Workshop and celebration of the 10th launch anniversary

15 - 19 October 2012, Paris, France

Scientific Program and Aims of the Workshop

The 9th INTEGRAL workshop "An INTEGRAL view of the high-energy sky (the first 10 years)" will take place from the 15th to the 19th October 2012 in Paris, Bibliothèque Nationale de France (Bibliothèque François Mitterrand). The workshop will be sponsored by ESA, CNES and other French and European Institutions.

During this week we will celebrate the 10th launch anniversary of the INTEGRAL mission, on 17 October 2012.

The main goal of this workshop is to present and to discuss (via invited and contributed talks and posters) latest results obtained in the field of high-energy astrophysics using the International Gamma-Ray Astrophysics Laboratory INTEGRAL, as well as results from observations from other ground- and space-based high-energy observatories and from associated multi-wavelength campaigns.

Contributions to the workshop shall cover the following scientific topics:

- X-ray binaries (IGR sources, black holes, neutron stars, white dwarfs)
- Isolated neutron stars (gamma-ray pulsars, magnetars)
- Nucleo-synthesis (SNe, Novae, SNRs, ISM) and gamma-ray lines (511 keV)
- Galactic diffuse continuum emission (including Galactic Ridge)
- Massive black holes in AGNs, elliptical galaxies, nucleus of the Galaxy
- Sky surveys, source populations and unidentified gamma-ray sources
- Cosmic background radiation
- Gamma-ray bursts
- Coordinated observations with other ground- and space-based observatories
- Science data processing and analysis (posters only)
- Future instruments and missions (posters only)

IW12 Schedule

2011 Milestones

- Start SAC activities (Title) (SAC chair) Mid 2011

- Draft first circular (ESA) August 2011

- First circular out to big list (LOC) October 2011

2012 Milestones

- Draft Poster and Design (ESA) Early February 2012

- Print and Mail Poster (ESA) Early April 2012

- 2nd circular End March-April 2012

- Abstract Deadline 1st June 2012

- Programme Plan (SAC) Mid June

- Inform Participants on Travel Support Mid July

- Third Circular Mailed Out Mid July

- Programme + abstracts on WWW Mid July

- Registration deadline (workshop) Mid August

- No Hotel booking by the LOC (hotel list on the w-site)

- Abstract Book Available early September

- WORKSHOP 15-19 October

- Collect papers, start referee process Dec 2012

- End of Referee's Process (SAC) February 2013

- Proceedings On-line Publication March 2013

Conference Plan

9th Integral Workshop: 10 years launch anniversary

International conference: ~ 300 participants

Celebration: 400 (invitation of personalities ~ 40 -50)

Dates: 15 – 19 Oct 2012, Monday 10:00 – Friday 16:00 - a total of 4.5 days

17th afternoon: ½ day free with touristic tour (museum, bateau, TBD)

17th evening: Gala dinner with Anniversary Celebration

Sessions: Morning (1 coffee break), Afternoon (1 coffee break)

Invited talks 40 min

Solicited talks 30 min

Contributed talks 20 min (15'+5')

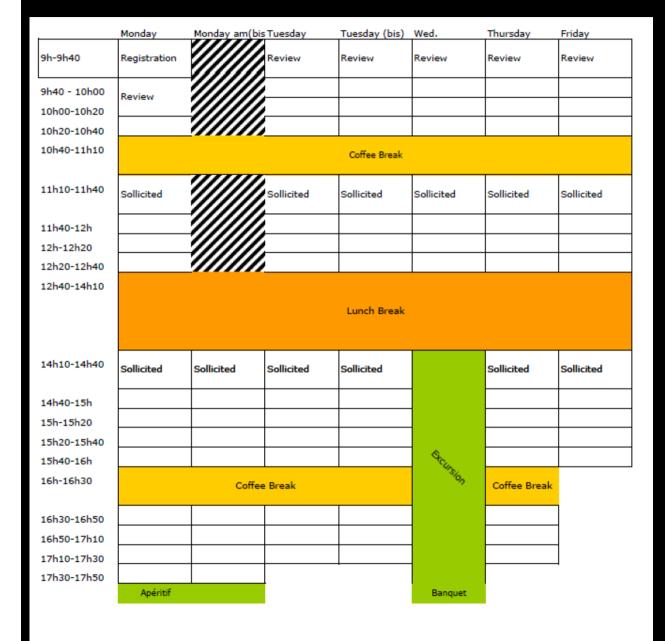

Posters possibly displayed part of the time (Available on W-site)

Parallel Sessions 3 half days: Monday pm, Tuesday am, Tuesday pm

Additional events:

• One outreach event scheduled (Thursday evening), another event is under study

Conference PROGRAM

- Mon 9:00 Fri 16:30: 5 days Conference
- ½ day off: 4.3 days effective
- Parallel session during 1.5 days Monday pm and Tuesday (BNF Big+small amphitheatre)
- Welcome/Introduction talk (personnalities)
- Talks: 93 total
 - 6 Reviews (40'), 2 in parallel
 - 12 Solicited (30'), 6 in parallel
 - 75 Contributed (20') 27 in parallel
- Posters: ~100

Event Celebration

 Depending on final funding level we would like to invite (pay for) a few personalities to the Celebration Dinner

 ESA and other laboratories are invited to make a list of people to invite with an order of priority

 Conference Welcome and introduction + Dinner welcome and celebration talks yet to be defined

Funding

- Registration fee of 350 euros (including celebration dinner)
- Sponsors:
 ESA, CNES, CEA, CNRS, French labs (APC, SAp/AIM, IRAP)
- Are other agencies or laboratories able to support the event? At which level?
- Request to industry for sponsorship (Integral prime contractor) ? => request by ESA (C.W. ?)
- Other possibilities ?
