

INTEGRAL Workshop #10 Fall 2014

Annapolis, Md, USA

INTEGRAL Workshop #10 in Annapolis

- INTEGRAL is a mature mission, > 10 years in orbit, and collaborations with existing established observatories or with more recent missions are increasing (Fermi, HESS, AGILE, Swift, NuSTAR...).
- Traditionally, INTEGRAL workshops are taking place in 'participating' countries: we have been everywhere once (2x in France), except in the US.
- Expand the SAC (IUG) with US colleagues from other missions.
- Expand the LOC (from GSFC and U Maryland) by 'experienced' INTEGRAL-workshop organisers from (e.g. F, I, D, NL).
- GSFC experts (e.g. Sandy Barnes) for hotel and banquet organizations.
- US INTEGRAL - ambassadors: Neil and Dieter.
- Annapolis was the location for the Swift/Fermi "Gamma Ray Bursts 2010 Conference" : great conference/great place !
